

**Table to record your research on the methods used observe the Universe**

Method for observing the Universe	Date it was launched/ first used	Who invented it?	Mission (what was it made to explore in space?)	Image of the telescope, space lander, telescope, space craft
Voyager 1 (Unmanned space craft)				
Voyager 2 (Unmanned space craft)				
Hubble telescope (Space optical telescope)				
Mars Rover (Space Lander)				
Mars Rover (Space Lander)				
Lovell telescope (Radio telescope)
