

Addendum to Child Protection Plan Due to Coronavirus 30th March 2020

Date: March 2020

Review date: Autumn 2021

The procedures for following up on CP concerns will remain the same as throughout this document. The DSL (Pip Parle and Deputy DSL Alicia Clarke) will be available on their telephones and emails should staff have any immediate safeguarding concerns. Staff should also log these concerns on the CPOMS system.

Due to measures put in place by Government school will only be open to 'Vulnerable Groups'

These are described in the DFE guidance as:

'Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans.'

Also the guidance states 'all children who are looked after by the local authority are eligible.'

All pupils who come under this category have had a risk assessment completed around their vulnerabilities which will be reviewed as necessary.

All pupils in vulnerable category will have a wellbeing phone call every day, these will be logged and documented and will alert staff to any concerns.

As most of Meadow Park pupils can be classed as vulnerable daily calls will also be made to the rest of our co-hort including any commissioned places.

Staffing: Staff will be placed on a rota of skeleton staff in line with keeping with the Governments directive on social distancing, they will be expected to keep a safe distance from other staff and pupils at all times during the school day and follow the guidance on hand washing.

Any staff who are self-isolating need to make the Head Teacher and Business Manager aware and be clear on whether it is for 7 or 14 days.

Leadership: A member of the Leadership Team will be onsite daily and available via telephone and email the rest of the week.

Cleaning: Cleaners will be onsite daily ensuring that the hygiene is kept up.

PPE Equipment: If required school will try to make make this available for staff.

This document will be kept updated following DFE guidance or Government directives.
