Information for Pupils

At Meadow Park we have a careers programme in place that ensures that you are well equipped for the future and have the information you need to make realistic and informed decisions about further education, training and employment.

When you leave school at 16 years, you are likely to have some or all of the following options available to you depending on your ability, independence and support needs:

Further education at a college or training provider to study vocational courses like BTECs / TLevels or Academic Courses like A Levels (List here)

Apprenticeship- An apprenticeship is a way to gain the skills, knowledge and experience you need to get into many careers. They combine work, training, study and you get paid! Apprenticeships are available across a range of areas. Further information can be found here.

Traineeship- Usually a 6 month programme made up of extended work experience working towards qualifications. A traineeship will normally lead to an apprenticeship or work. Further information can be found here.

Supported Internship- Supported Internships are a study programme for learners with Education, Health and Care Plans (EHCPs). Learners will have a work placement and complete relevant qualifications alongside their placement. Further information can be found here.

Watch this short video that explains some of your options when you leave school.
